City of Palmdale to Begin Avenue M Road Paving on Monday

PALMDALE - The City of Palmdale will begin a road paving project on Avenue M that will begin on Monday, April 13 and end on Friday, April 17.

The road will be paved from the south side of Avenue M from 4th Street East to what would be 26th Street East and the north side of Avenue M from 10th Street East to 26th Street East.

The project is part of the sewer project that was recently completed to bring lines to the 600 acre parcel owned by the City where the Palmdale Power Plant and a future business park will be constructed.

“Since our work crews were there doing the resurfacing work on the areas that were trenched for the sewer lines, it made good logistical and fiscal sense to include the immediate areas of the project area in the resurfacing,” said Director of Public Works Mike Mischel.

Toro Enterprises, Inc. is the contractor for the \$742,965 project.

For more information, please call public works at 661/267-5353, Monday through Thursday, 7:30 am to 6 pm.
