Business Workshop & Industry Cluster Study Workshop Coming to Palmdale

PALMDALE – The City of Palmdale will host a free Business Workshop & Industry Cluster Study Workshop led by the Los Angeles Economic Development Corporation (LAEDC) and the L.A. County Workforce Development Board Community & Senior Services on Tuesday, Nov. 15 from 9:30 am to 12 noon in the Chimbole Cultural Center, Manzanita Ballroom, located at 38350 Sierra Highway.

Participants will hear discussions about key industry clusters from LAEDC economist, Dr. Christine Cooper, Senior Vice President, Institute of Applied Economics at LAEDC. The workshop will also provide valuable and no-cost business assistance resources that are available to help businesses succeed in the Los Angeles County region, as well as a Q&A session with a panel discussion of experts from different L.A. County departments to talk about their checklist requirements and how they can work with businesses to streamline projects through the system and get plans approved.

RSVP by emailing linden.johnson@laedc.org, or call 213/236-4839.

“We want to help businesses get their projects approved and make it smoother for County Departments as well,” said Linden Johnson, Assistant Manager, Business Assistance & Development at LAEDC. “Some businesses do experience frustrations in getting the approvals they need to launch their projects. LAEDC's award-winning Business Assistance Team is here to assist by walking businesses through the approval processes. As a Business Assistance

Team, we are often called on to resolve or clarify regulations, assist with permitting, and attend plan checks at review time to ensure a successful project approval process.”
