Printer Donation by Waste Management Brings Smiles to SAVES Client Families

PALMDALE – Representatives from Waste Management stopped by the City of Palmdale's South Antelope Valley Emergency Services (SAVES) yesterday to donate computer printers to local schoolchildren.

Waste Management's Lisa Hemenway and Chris Freeman were on hand to make the presentation of thirteen printers. The students who received them were from local schools that included Dos Caminos, David G. Millen, Ocotillo, Barrel Springs and Palmdale High School.

"This generous donation by Waste Management will help these students tremendously," said SAVES Coordinator Patricia Morales. "Today's youth use computers and printers as a regular part of their studies. These printers will make a big difference in their education."

For more information, please call SAVES at 267-5191.

**About SAVES**

**SAVES** provides a practical and caring approach to serving people in need. The SAVES program was started in 1983 to offer assistance to individuals and families who are experiencing a temporary emergency situation. On a monthly basis SAVES provides about 1,100 to 1,300 food orders which can translates in an average to 8,000 to 12,000 pounds of food per month.
