Community Invited to Attend SR 138 Project Open House

PALMDALE — The City of Palmdale will host a public meeting open house for the State Route 138/Palmdale Boulevard Improvements Project on Tuesday, June 7 from 6 to 8 pm at The Chimbole Cultural Center, located at 38350 Sierra Highway in Palmdale.

The City, in cooperation with Caltrans District 7, proposes to widen Palmdale Boulevard (State Route 138) between 5th St, East and 10th St. East from 2 lanes to 3 lanes in each direction, and widen Sierra Highway between Avenue R and 500 feet south of Avenue Q from 2 lanes to 3 lanes in each direction.

The City of Palmdale and Caltrans are currently studying the effects these proposed alternatives may have on the environment culminating in preparation for the Initial Study/Environmental Assessment report. The Open House will provide the opportunity for residents to make comments, provide information and express concerns regarding the proposed environmental study.

Preliminary site plans of the proposed improvement alternatives, project schedule and other information will be available at the meeting. Staff from the City of Palmdale, Caltrans and various consultants will be available to answer questions.

To comment on this project or for or more information, please contact Eric Dietrich, Environmental Planner, Caltrans District 7, 100 South Main Street, Los Angeles, CA 90012; email eric.dietrich@dot.ca.gov.
