Palmdale to Host Smart Gardening Workshop

PALMDALE- The City of Palmdale will host a “Smart Gardening” workshop on Saturday, April 12 from 9:30 to 11 am at the City’s new Community Garden, located at Neighborhood House #1, 503 East Ave. Q in Palmdale. The event is free to the public.

Workshop topics will include backyard composting, worm composting, grass recycling, and water-wise gardening techniques.

“We are excited be able to offer this workshop again,” said Director of Public Works Mike Mischel. “This workshop will give residents the opportunity to learn more about how they can have an attractive yard, without impacting the environment through waste generation or water usage.”

The workshop will be presented by the Countywide Smart Gardening Program, which is sponsored by the County of Los Angeles. Participants will have the opportunity to purchase composting bins at a discount price of \$40 and worm bins with worms for \$65.

For more information call (888) CLEAN LA or visit www.smartgardening.com.
