

Structural Observation Report Form

STRUCTURAL OBSERVATION means the visual observation of the structural system, for general conformance to the approved plans and specifications, at significant construction stages and at completion of the structural system. Structural observation does not include or waive the responsibility for the inspections required by 2010 CBC App. 1 §109 and CBC §1704, or other sections of the 2010 California Building Code.

This report includes all construction work through _____ day of, 20_____.

Page _____ of _____

Form with fields: Project Address, Owner, Permit No., Structural Observer, Professional License / Registration No., Observer Phone No.
